(The following charges are included in Charges Added During Rental but are usually added at return):

Fuel & Service (F&S): Charge for cost of fuel and refueling service if car is not returned full of fuel and/or Fuel Purchase Option (see above) was not purchased at time of rental.

Late Return Fees: Fees for returning car after return time agreed to at time of rental. Returns of less than 30 minutes will generally not be charged extra hours. Returns 30 minutes late or later will incur an additional charge, with late returns of 1 hour and 30 minutes resulting in a charge for an additional rental day. Late return fee of \$12 per day, up to maximum of 5 days (\$60), is charged if a customer returns a vehicle more than 12 hours after the scheduled drop-off time without proactively extending the rental prior to the scheduled return.

Return Change Fee: Customers who are on rent who extend their rental past a 12-hour grace period or change the location of their return will be charged a nominal \$10 fee.

Intercity Fee: Charges for returning car to location other than initial rental location and/or location specified in rental contract.

Service Charges/Taxes: Represent state and local taxes, as well as surcharges/service charges collected by Thrifty to reimburse state and local governments, airport authorities and other government and transportation agencies as well as additional fees.

NOTE: The following items are in generalized terms and usually have region or authority specific titles on your receipt (such as "California Tourism Fee").

Airport Concession Fee Recovery (ACFR): This fee is to reimburse Thrifty for concession fees paid to the airport (hotel or train station) for each rental.

Hotel Concession Fee Recovery (HCFR): This fee is to reimburse Thrifty for concession fees paid to the hotel for each rental.

Concession Fee Recovery: Fee to reimburse Thrifty for concession fees paid to all other operating authorities apart from airports and hotels specified above.

Energy Surcharge: The costs of energy needed to support our business operations have escalated considerably. To offset the increasing costs of utilities, bus fuel, oil and grease, etc., Thrifty is separately imposing an Energy Surcharge.

Vehicle Licensing Cost Recovery (VLCR): This fee is for Thrifty's recovery of the proportionate amount of vehicle registration, licensing and related fees applicable to a rental.

Tourism Fee: Car rental companies are required by law to pay monthly assessments in certain cases to state tourism commissions on revenue generated at either airport or hotel rental locations. This fee has been calculated to recover such assessments on an applicable rental basis.

Customer Facility Charge/Use Fees: The airport requires that all car rental companies collect this fee. The money collected is used to pay for new car rental facilities.

State/Local Surcharge: This fee is for Thrifty's recovery of taxes and fees charged by state and local governments. Usually shown with name or state or locality (i.e., "FL State Surcharge").

Tax: Represents state and local sales tax on total rental charges.
